

HS-1021

home office headset

Universal headset for your mobil and laptop

PRODUCT DESCRIPTION:

The HS-1021 product family is the development of the year 2020. When designing this model, the goal was to make the headset fully compatible with the devices used in the home office environment and at the same time affordable for anyone. The headset can be connected to a mobile phone or tablet with a 3.5mm jack. The jack can be connected to a laptop or PC with the help of a USB adapter.

It is comfortable to wear, the headband is adjustable, the leatherette ear cushion can be replaced, and an optional foam ear cushion is also available. It has clear sounds quality.

This product is only available in a mono version.

HS-1021M-USB
